

Parts List / Liste des Pièces

Part #	Description	Qty
1	Headboard	1
2	Bed Sides	2
3	Footboard	1
4	Mattress Support	1

Hardware

1 Prepare bed sides

Insert wood dowels into holes of bed sides.

2 Attach headboard and footboard to bed sides

Install hardware as shown. Make sure the open end of part D is facing outward. Tighten with a flat head screw driver.

3 Install Mattress Support Rails

Lay out the mattress support rails and center on rails of the bed sides. Attach mattress support to rails by installing two screws at each end of the first and last rails and the center rail.
